

Integrated Policy for ISO 9001:2015 and ISO 14001:2015

In keeping with our Mission of pride in ourselves in offering an exemplary level of service, and meeting ever-increasing demands and tight deadlines, the Directors and Leadership Team are committed to operating every aspect of the business to standards that protect the environment, prevent pollution and offer the highest possible quality of service to all customers and employees.

This is supported by a proactive management style that encourages the Quality and Environmental culture throughout the company.

To reinforce these commitments and values an Integrated Management System has been implemented that meets the requirements of ISO 9001:2015 and ISO 14001:2015 as well as ensuring the environmental impacts of the organisation are minimized and that the performance of the organisation is regularly reviewed and continues to improve.

MJ Engineering Ltd commits to comply with all environmental compliance obligations applicable to our business activities.

Our long-term strategic goal is to maintain a profitable business that delivers a high level of customer satisfaction within a sustainable business that contributes to industry and commerce by delivering cost-effective solutions to customers' work environment requirements.

To assist in achieving this we establish and review objectives, during regular management meetings, for all areas of the company to enhance customer satisfaction, deliver consistent service and conform to regulatory and statutory requirements.

The effectiveness of the Integrated Management System is monitored by planned audits, management reviews and effective corrective and preventative measures.

All personnel are made aware of the management commitment to this policy and the Integrated Management System and are encouraged to demonstrate their support by continuous active participation.

The company places importance on investing in its personnel by providing the necessary training and guidance required to continually improve and maintain company goals and strategies.

Tom Skinner
Quality Manager
